**AR 050314-054** Arkansas Department of Human Services/Division of Behavioral Health Services

Description: Meeting the Needs of Dually Diagnosed Arkansans. In recognition of the need for coordinated and integrated mental health and substance abuse treatment, Arkansas' goal is to develop initiatives to address system-wide infrastructure and capacity building issues to provide appropriate, evidence-based care to individuals with a dual diagnosis consistent with the "no wrong door" principle. The plan calls for an individual entering through either the mental health or substance abuse door to 1) be evaluated for the need for the alternate service, 2) have funds available to offset the cost for the treatment and 3) have qualified professionals provide these services.
